

therefore looks like, and could possibly be mistaken for, jewelry made by Native Americans.

(2) *Method of marking.* Except as provided in 19 U.S.C. 1304(a)(3) and in paragraph (c)(3) of this section, Native American-style jewelry must be indelibly marked with the country of origin by cutting, die-sinking, engraving, stamping, or some other permanent method. The indelible marking must appear legibly on the clasp or in some other conspicuous location, or alternatively, on a metal or plastic tag indelibly marked with the country of origin and permanently attached to the article.

(3) *Exception.* If it is technically or commercially infeasible to mark in the manner specified in paragraph (c)(2) of this section, or in the case of a good of a NAFTA country, the article may be marked by means of a string tag or adhesive label securely affixed, or some other similar method.

(d) *Native American-style arts and crafts—(1) Definition.* For the purpose of this provision, Native American-style arts and crafts are arts and crafts, such as pottery, rugs, kachina dolls, baskets and beadwork, which incorporate traditional Native American design motifs, materials and/or construction and therefore look like, and could possibly be mistaken for, arts and crafts made by Native Americans.

(2) *Method of Marking.* Except as provided for in 19 U.S.C. 1304(a)(3) and § 134.32 of this part, Native American-style arts and crafts must be indelibly marked with the country of origin by means of cutting, die-sinking, engraving, stamping, or some other equally permanent method. On textile articles, such as rugs, a sewn in label is considered to be an equally permanent method.

(3) *Exception.* Where it is technically or commercially infeasible to mark in the manner specified in paragraph (d)(2) of this section, or in the case of a good of a NAFTA country, the article may be marked by means of a string tag or adhesive label securely affixed, or some other similar method.

(e) *Assembled articles.* Where an article is produced as a result of an assembly operation and the country of origin of such article is determined under this

chapter to be the country in which the article was finally assembled, such article may be marked, as appropriate, in a manner such as the following:

(1) Assembled in (country of final assembly);

(2) Assembled in (country of final assembly) from components of (name of country or countries of origin of all components); or

(3) Made in, or product of, (country of final assembly).

§ 134.44 Location and other acceptable methods of marking.

(a) *Other acceptable methods.* Except for articles described in § 134.43 of this part or the subject of a ruling by the Commissioner of Customs, any method of marking at any location insuring that country of origin will conspicuously appear on the article shall be acceptable. Such marking must be legible and sufficiently permanent so that it will remain on the article (or its container when the container and not the article is required to be marked) until it reaches the ultimate purchaser unless deliberately removed.

(b) *Articles marked with paper sticker labels.* If paper sticker or pressure sensitive labels are used, they must be affixed in a conspicuous place and so securely that unless deliberately removed they will remain on the article while it is in storage or on display and until it is delivered to the ultimate purchaser.

(c) *Articles marked with tags.* When tags are used, they must be attached in a conspicuous place and in a manner which assures that unless deliberately removed they will remain on the article until it reaches the ultimate purchaser.
